

KASK's EVO COLORS – Fashionable Playfulness for the Youngsters

KASK is always thinking of ways to offer a wider range of customers access to the quality and elegance of its products. One of the KASK's goals for its 2010/11 snow sports line was to incorporate some playfulness into KASK's traditionally technically superior and fashionable range.

With KASK's EVO COLORS sporty youngsters may now enjoy the collection and take advantage of the same advanced features that mark the EVO ALL MOUNTAIN, EVO FREE MOUNTAIN, and EVO LADY models.

EVO COLORS all include soft velvet padding with 3D System, a micrometric adjustable chin strap, and roll-fit adjustment at the nape of the neck. Now young skiers can enjoy the safety of the in-moulded polycarbonate cap together with a more colorful look, thanks to the matching tripod auricles, chinstrap, and the padding features, available in lime, periwinkle, pink, red, and aqua.

The contrast between the white cap and the bright colors of the matching features makes the EVO COLORS model truly exciting and is doubtless to win the attention of lively young skiers.
