

KASK's **EVO LADY** – *Sofistication Without Limits*

KASK is committed to providing its skiing customers with maximum protection and best possible comfort level. With our every product we also make it a point to consider what specific features may be desirable for the female skier.

EVO LADY is a range that fully comprises all the technical safety features of EVO, with a few special add-ins for the ladies: soft-treated cap in blue steel, chocolate, or peach colours, silver floral insert, decorated auricles, and chrome tripod with elastic tissue stopper for better securing in case of the visor being replaced with goggles.

Even the most trendy ladies are sure to be satisfied with the sophistication level of the details unique to KASK's EVO LADY. Entirely made in Italy as always, KASK guarantees top technology and only the best materials.

EVO LADY is the first line in KASK's wider 2010/11 winter collection for women.
