

KASK's LIFESTYLE – *Breaking Its Own Standards*

KASK's 2010/11 winter collection perfectly reflects KASK's approach to sports and to life. KASK's goals are to reach for the top always, strive toward maximum performance, and do it with style!

KASK has created a range that surpasses even KASK's own previously established high standard. Every detail of every product in this range is top-notch.

Additional accessories include: a helmet bag enclosed inside the package made of pure Italian leather, a visor pocket, and two spare visors – one mirrored and one yellow to be used in accordance with weather conditions.

Other singularly unique aspects include, to name a few: padding with inner floral embroidery made of soft-touch velvet, chrome tripod with a ribbon stopper, chinstrap and nape of the neck protector made from real leather painted snakeskin style, Swarovski crystals spelling out the KASK logo in a model for women.

Every element has been researched and carefully put together in order to create the best look and comfort for both men and women, combined with KASK's unsurpassed protective technology, as always.

Help yourself to the protection, comfort, and style of KASK as you shine on the skiing slopes!
